## **Description**

Wevo 6.5 is designed by architect Oris D'Obaldo and his office Skyron and built by Cima Boats in Grosseto, Italy.

The boat was launched in 8th December 2018 and the owner sailed over 8000 miles with the boat.

### **About the Wevo 6.5**

The Wevo has a round bow, the volume of which lies between that of a Pogo 3 and a Maxi. Everything is designed for absolute weight optimization. The individual parts are manufactured using an infusion process. This makes the structure lighter and at the same time improves its stiffness. She is an innovative boat in shape and materials, ready for ocean sailing in the Mini 6.50 Class

## **Viewing Arrangements**

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
