A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

**Location:** Netherlands

**Engine:** Yanmar 75Hp

---

## **Description**

The Carkeek 60 is built by Neil Cox, Premier Composites.

She effectively combines speed with strength in a relatively simple hull form.

### **Owners comments:**

She is a beautiful yacht to sail. Perfect for a smaller crew due to hydraulic winch systems.

The boat has a rounded hull shape derived from the TP52's like Hooligan and Team New Zealand, so this C60 looks like it comes from the same family but the extra length should allow it to sail away from the TP52s. With tall and very upright topsides the Carkeek 60 has plenty volume inside her lightweight 10.9 ton carbon hull, right through to the full bows. Underwater, a slim and high aspect (nearly 15 foot deep) fixed bulb keel is used, along with an equally slim single spade rudder.

### **Inside the yacht**

Below decks is a spartan place on the C60 with not even a protruding bulkhead forward while foot- deep longitudinal stringers run the full length for rigidity. Supporting the area around the keel- stepped Southern Spars rig is a small bulkhead-grid area that contains the toilet on starboard and galley opposite containing a two burner stove with sink.

For the off-watch there's four pipecots in the saloon section and eight aft; so a total of 12 berths. Aft, behind the engine box containing the 75HP motor is the navigation station with two seats but it shares this space with tankage and the propeller lifting mechanism strut so does impinge on navigator.

## **General**

- Structural engineering: Guirt engineering UK
- 2 x Carbon steering wheels, plus one spare.
- JP3 rudder bearings
- 1 x Carbon Rudder

## **Rigging**

- Southern spars Carbon 3 spender mast with EC6 Rigging
- EC6 Mast Standard Rigging Service June 2019
- Mast Re-painted June 2019
- Southern Spars carbon boom internal 3 lock reef system
- Sydney Rigging standard and running rigging
- All sailing ram function are press panels
- 2 x 6T KZ furlers with head swivels
- Loadcells: Headstay and Bobstay
- Carbon Bobstay

## **Viewing Arrangements**

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
