A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

## **Description**

### **For Sale: Swan 42 Hull No. 039**

This Swan 42, designed by Germàn Frers and built by Nautor's Swan, is a high-performance racer/cruiser, meticulously maintained by professionals. Primarily used for racing, the boat has been hauled ashore between events to ensure optimal care. First launched in 2008, it remains a competitive contender in both ORC and OneDesign racing formats.

Key features include reinforced hull, mast step, and keel for enhanced stiffness. Notably, this boat is one of the few constructed using vacuum-infusion techniques. The OneDesign setup boasts a minimum weight of 7650 kg (including 30 kg of corrector weights) and a keel weighing 3205 kg, in line with class rules.

The boat comes equipped with two keels: one for OneDesign racing and another, designed by Maurizio Cossutti with CFD analysis by Giorgio Provinciali in 2022, for ORC competitions. Currently configured for ORC racing with furniture removed, it can easily be converted back for OneDesign racing or cruising.

A perfect choice for those seeking speed, versatility, and top-tier craftsmanship.

### **Key Features:**

- Professionally maintained, hauled ashore between events
- Competitive in ORC and OneDesign racing, first launched in 2008
- Reinforced hull, mast step, and keel for extra stiffness
- Rare vacuum-infusion construction technique
- OneDesign setup with a minimum weight of 7650 kg (including 30 kg corrector weights)
- Two keels: OneDesign racing keel + ORC keel designed by Maurizio Cossutti (CFD by Giorgio Provinciali, 2022)
- Currently in ORC racing setup, easily convertible for OneDesign or cruising

READY FOR A NEW CAMPAIGN!

## Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
