Description

For Sale: X-35 in Good Condition

This X-35 has been meticulously upgraded and optimized for ORC, featuring key modifications for enhanced performance:

- **New ORC Keel and Rudder:** Designed by Maurizio Cossutti, the upgraded keel improves stability, and the larger rudder blade offers superior control, especially during reaching conditions.
- **Carbon Rigging by Pauger:** Includes a new carbon mast (2023), boom, and vang. The carbon mast is 40kg lighter than the original aluminum mast, with its vertical center of gravity 50cm lower, significantly improving stability and handling.
- **Mastjack Installed:** Enables quick and precise mast trimming for optimal performance.

This boat is perfectly optimized for both offshore and inshore sailing. The enhanced stability from the new keel and lighter mast makes it a reliable choice for offshore conditions, while the improved rudder ensures excellent maneuverability and grip for inshore races.

Don't miss the opportunity to own this high-performance, race-ready yacht!

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
